The Wings Story... Since 2002 Wings of Angels has provided more than \$400,000 in assistance to over 120 North State families of children diagnosed with cancer and serious illness. The Alyssa Araiza Wings of Angels organization was founded in loving memory of Alyssa Araiza, a nine-year old who spent over half her life battling cancer. Words cannot express how grateful the Araiza family is to have the continued support of our community.

*She touched her family with her smile,
She touches many with her legacy.*
